

## Installation of Officers

As you go through your PTA year there will be some times when you feel as if the others you are around are acting like Kids. This is perfectly fine because we must be childlike at times to see the real needs of the children. So to help you in your quest to find the child in you I have the following toys to assist you with your duties:

\_\_\_\_\_ as **President** you will be at the top of the chain of command and you must stay on top although people may tell you at all times that you must have lost your marbles to be president. So I give to you these **MARBLES**.

\_\_\_\_\_ as **Vice President** you will forever be called on to help the president and often it will seem as if you are just running up and down as you help. You will also need to be kept on a short rope so that you can always be near the president. So to you, I am giving this **YO YO**.

\_\_\_\_\_ as **Secretary** you will be asked to keep the minutes of this organization. So that you can start your year off with a clean slate and easily correct any mistakes that you may have while taking the minutes. Remember this year as you learn more about your job to chalk it up to experience. I give to you this **MAGIC SLATE**.

\_\_\_\_\_ as **Treasurer** you will be in charge of the money of the PTA. It will be your responsibility to make the bank deposits and to be sure that the money is always deposited into the bank in a timely manner. To give you some practice, I give you this **PLAY MONEY**.

Do you promise to fulfill your duties with fun and in a child like excitement?  
**I HEREBY PROCLAIM YOU DULY INSTALLED OFFICERS OF  
THE 20\_\_-20\_\_ \_\_\_\_\_ PTA.**
